Dear Marilyn,

I am the program manager of W M I T and have been informed by Dan Sully our station manager that you had called and expressed a desire to do an evening of broadcasting at our station on November 17th, 1950.

The idea of course meets with my complete approval and I will be happy to make all the necessary arrangements in order to see that the evening is a success. I would like to suggest however, that you choose another weekend if it is conveniently possible for that is Junior Prom Weekend at M.I.T. and naturally one of our big events. I think it would cut into our listening audience and would also hamper any arrangements that I would like to make regarding a party for the girls and dates etc. The weekend of the 10th of November or else December 1st would be much better. If you don't think this can be done I will go ahead with the schedule for November 17th as planned, for the prom will not hamper the proceedings so as to make it desirable to cancel the affair.

Please write me soon and let me know what you would like to do.

Sincerely,

*Larry Schneck*
